

# First Smiles

## Migrant Oral Health Education Training

This training is designed for Head Start and Early Head Start health, nutrition and education coordinators and managers, teachers, home visitors and family advocates to provide preventative information to children and their families while integrating Oral Health into the regular curriculum. Participants receive curriculum binders that include activities for children, handouts for parent education on oral health, and special sections on home visiting and infant/toddlers. All participants must be employees of a Migrant and Seasonal Head Start program or an associated community partner staff.
